

Eleutherodactylus jasperi

Golden coqui

Family (Eleutherodactylidae)

Kingdom (Animalia)

Status (Threatened)

Description

The golden coqui is a small frog native to Puerto Rico, known for its golden-yellow color and unique reproductive behavior. It is also noteworthy for potentially being extinct, as it has not been seen since 1981.

Location/Habitat

The golden coqui species currently has no identified area where it is found, but in previous expeditions it was sighted in the Cayey area of Puerto Rico.
